

Covid-19 Update

Eyewear Experts will be taking all proper precautions in order to provide all our patients with a clean and safe environment. It's extremely important that we follow the guidelines as set out by our healthcare professionals, as well as the Alberta College and Association of Opticians.

We will be implementing updated standards within our Optical effective immediately. Please know that our staff are properly trained and qualified to maintain a safe eyecare environment. We ask that everyone continue to have patience and understanding as we all move forward together. Below is a basic guideline to follow to get us started.

Thanks for your support and understanding during our business interruption due to Covid-19.
